EVENTS

Event Calendar on website will be updated February 18.

Heidi will survey members as to which days of the week are best for them to participant in runs. We need to look at weekend days for working members.

Heidi reviewed proposed changes to *How to Plan an Event* and *Rules of the Road*.

She will prepare the revised documents for Jack's review and upon approval post them on the website.

OTHER

Jack has an email mailing list that avoids the conflicts among different email addresses and solves the problem that some members did not receive emails.

Kent will help Jack take photos of members' cars for the website.

Teresa wants to send birthday cards to members. Jack sent an email requesting members to send her their birthdates.
